

Kaba Padlock Range

The Kaba Padlock range is based on proven technology of the Patented Kaba 20, Kaba quattro pluS, Kaba experT cylinder ranges

The Kaba Padlock range can be keyed alone or keyed alike to form part of the large and complex Master key system, which incorporate other methods of locking such as Cabinet locks, Door locks, Camlocks and Keyswitches.

Features of Kaba Padlock

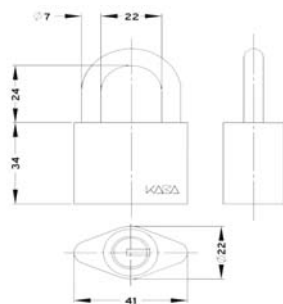

- Padlocks are available in either Kaba 20 or Kaba quattro pluS
- Supplied with hard wearing nickel silver keys which are reversible allowing easy access by the end user in the keyway
- The padlock can form part of an extensive master key system which includes other locking solutions and integration with Kaba System
- Key registration facility for owners control by authorised signature.
